

Britannia Kitchen Ventilation Superstream 3050 Baffle Filter

Britannia 'Superstream' filters are the class-leading baffle filter of choice throughout Europe and now in Australia. Independent European laboratory testing of Britannia Baffle filters shows superior filtration capability. Britannia's exclusive high velocity 'cyclonic effect' filter technology performs at the highest industry levels.

Most carry-over occurs with the smaller sized particles, which is where inferior filters fail and can cause maintenance and safety issues. Rugged construction under strict quality control ensures optimum performance and longevity whilst the smooth highly polished surfaces minimise maintenance.

NOMINAL DIMENSIONS:	300 W x 500 H x 50mm D
ACTUAL DIMENSIONS:	295 W x 490 H x 46mm D
CONSTRUCTION:	#304 S/STEEL 0.9MM, POLISHED SURFACES
APPROVAL:	CODEMARK CERTIFICATE No CM20049

Further details and project specific estimates available on request.
